

# 2021 Website Design Challenge Score Sheet

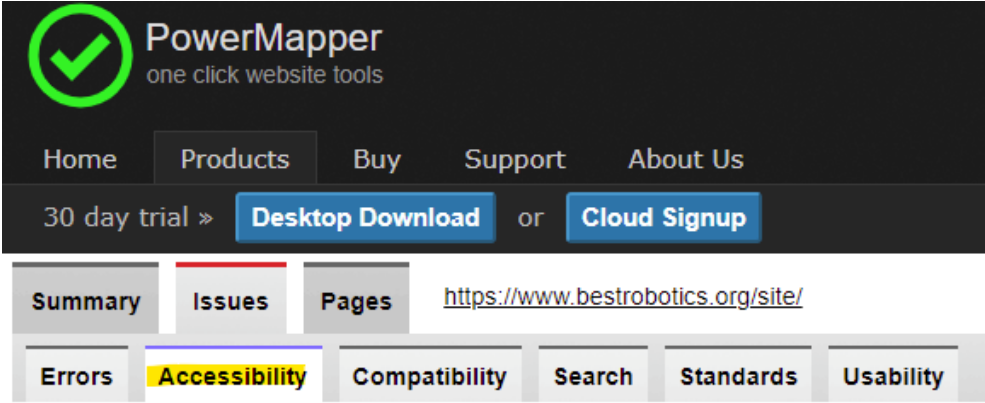

**Objective:** Demonstrate website design knowledge and skills. (100pts)

| Scoring Sections   | Possible Points | Points Awarded |
|--|-----------------|----------------|
| <b>User Experience (20 pts)</b>  |                 |                |
| The site is engaging and encourages exploration.   | 10              |                |
| The site has an exceptionally attractive and usable layout. It is easy to scan and locate the important elements.  | 10              |                |
| <b>Comments:</b>   |                 |                |
| <b>Navigation (15 pts)</b>   |                 |                |
| All site hyperlinks to both internal and external resources are functional.  | 4               |                |
| Page navigation is consistent, easily accessible, and user-friendly. The site contains clearly labeled home and navigation links to other pages on the site. | 4               |                |
| All internally linked pages contain a title and have a clear purpose.  | 4               |                |
| The site has a prominent link to the BEST Robotics website.  | 3               |                |
| <b>Comments:</b>   |                 |                |
| <b>Design (25 pts)</b>   |                 |                |
| The site content is centered around the theme of this year's game.   | 5               |                |
| The site uses color and iconography in a consistent way.<br>All individual pages look as though they belong to the same site.                                | 5               |                |
| Headers, white space, graphics, bullets, and/or alignment are used to effectively organize material.   | 5               |                |
| The text on the entire site is clearly and concisely written to enhance readability with no errors in spelling, punctuation, or grammar.                     | 5               |                |
| The fonts are consistent and easy to read, and point size varies appropriately for headings and text.  | 5               |                |
| <b>Comments:</b>   |                 |                |
